

Letter of Support for the Forest Park Ministers Association

Submitting a letter of support for Forest Park Ministers Association (FPMA) Healthy Communities Program does not obligate you in any way, however, demonstrating that the organization has widespread community support is a significant component to building new programs benefitting Clayton and Fulton County.

A sample letter follows. Please edit bracketed information and content as you like. Then, save and sign your letter.

Please submit signed letters no later than January 30th 2019:

Via Email (preferred): charles@bscprograms.com and nicole@drnicolerankine.com

Thank you for your support!

FPMA Ministers for Healthy Communities Program:

The Ministers for Healthy Communities Program (MHCP) is designed to provide quality of life enhancement through holistic health & wellness education, access, resources and ongoing support for Clayton County residents.

In order to achieve this goal, FPMA churches will organize and facilitate community health leadership training for faith-based organizations located within Clayton County. Then, through collaboration and partnership with healthcare institutions, local businesses, academic institutions, local governments and community leaders, the FPMA and participating faith-based organizations will engage Clayton County residents and families to reduce health disparities, increase opportunities for holistic wellness, improve the quality of life and facilitate asset-based community development.

Dear Community Stakeholders,

I am writing to express my support for Forest Park Ministers Association (FPMA) and their new Ministers for Healthy Communities Program. As a resident of [insert] and community stakeholder, I believe that the Ministers for Healthy Communities Program will be major catalyst for an overall personal health and wellness for Clayton County families as well as an increase in community sustainability and quality of life in the county.

I am confident that this new FPMA endeavor be a major asset for communities in Clayton County. Therefore, I am happy to support the Ministers for Healthy Communities Program. I hope that you will join me in supporting this endeavor.

Sincerely,
